

RStudio Cloud

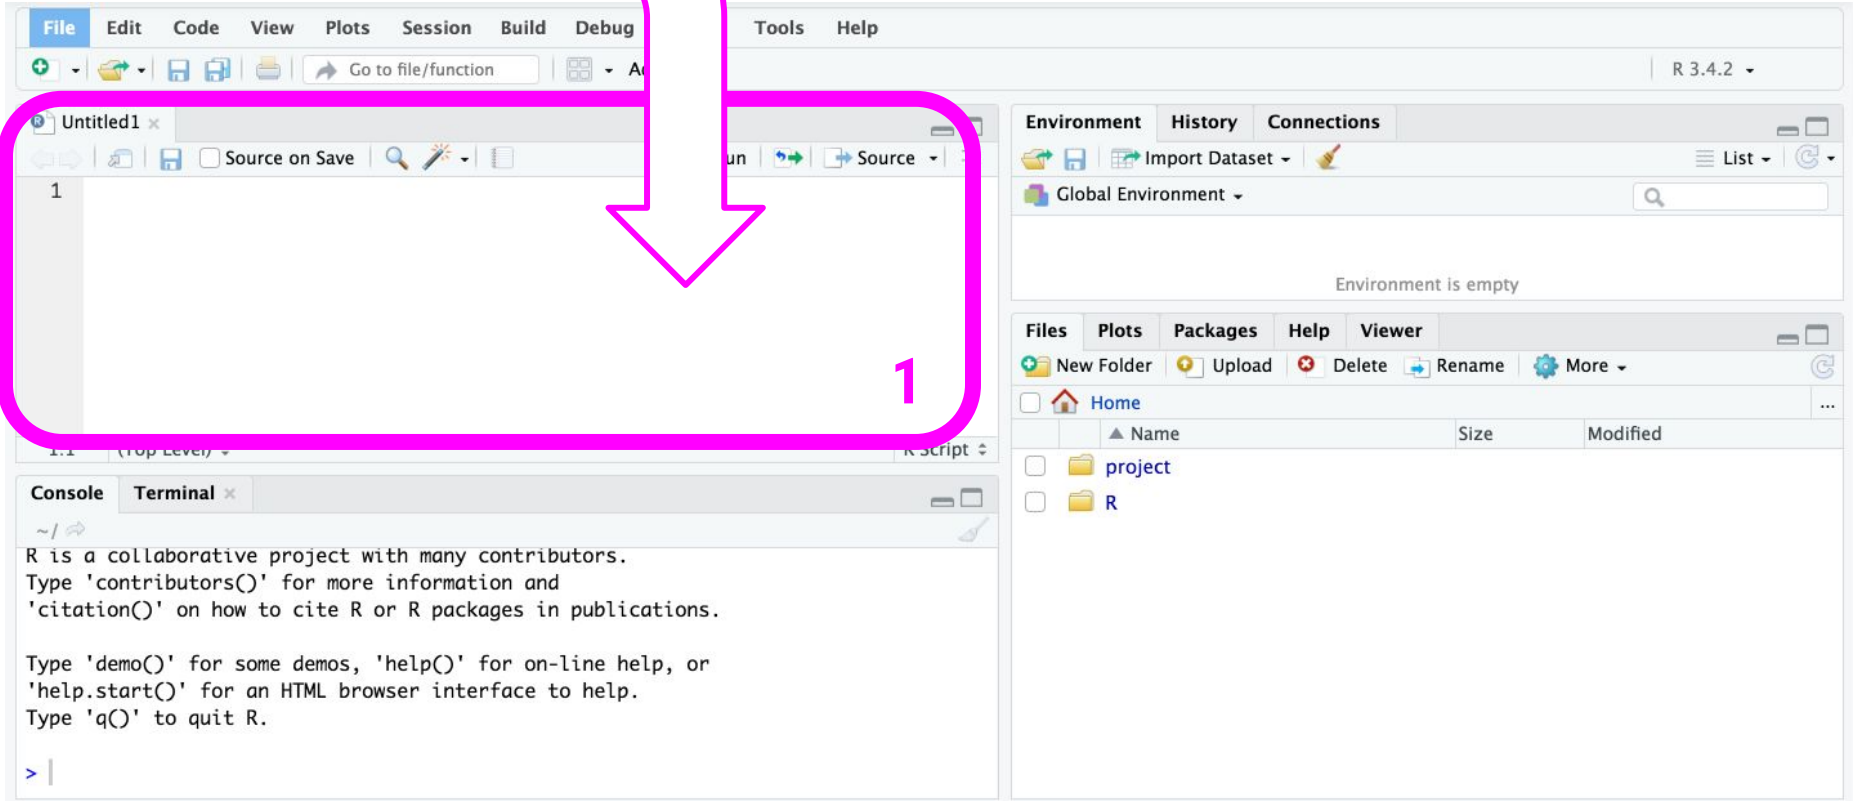

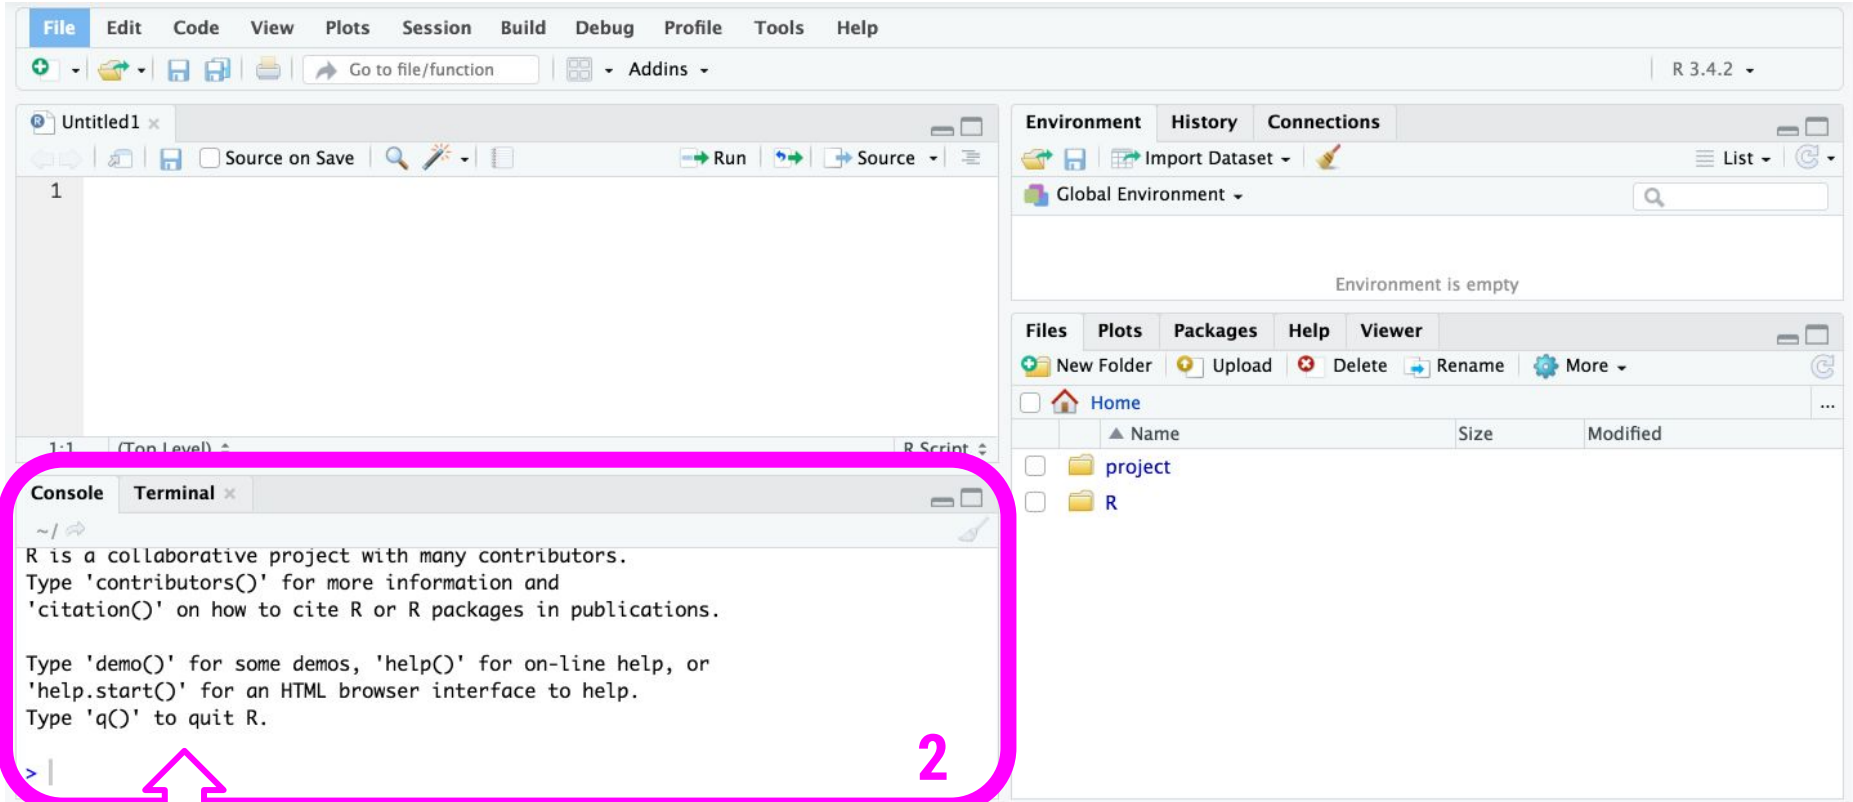

Introduction to Chromebook Data Science

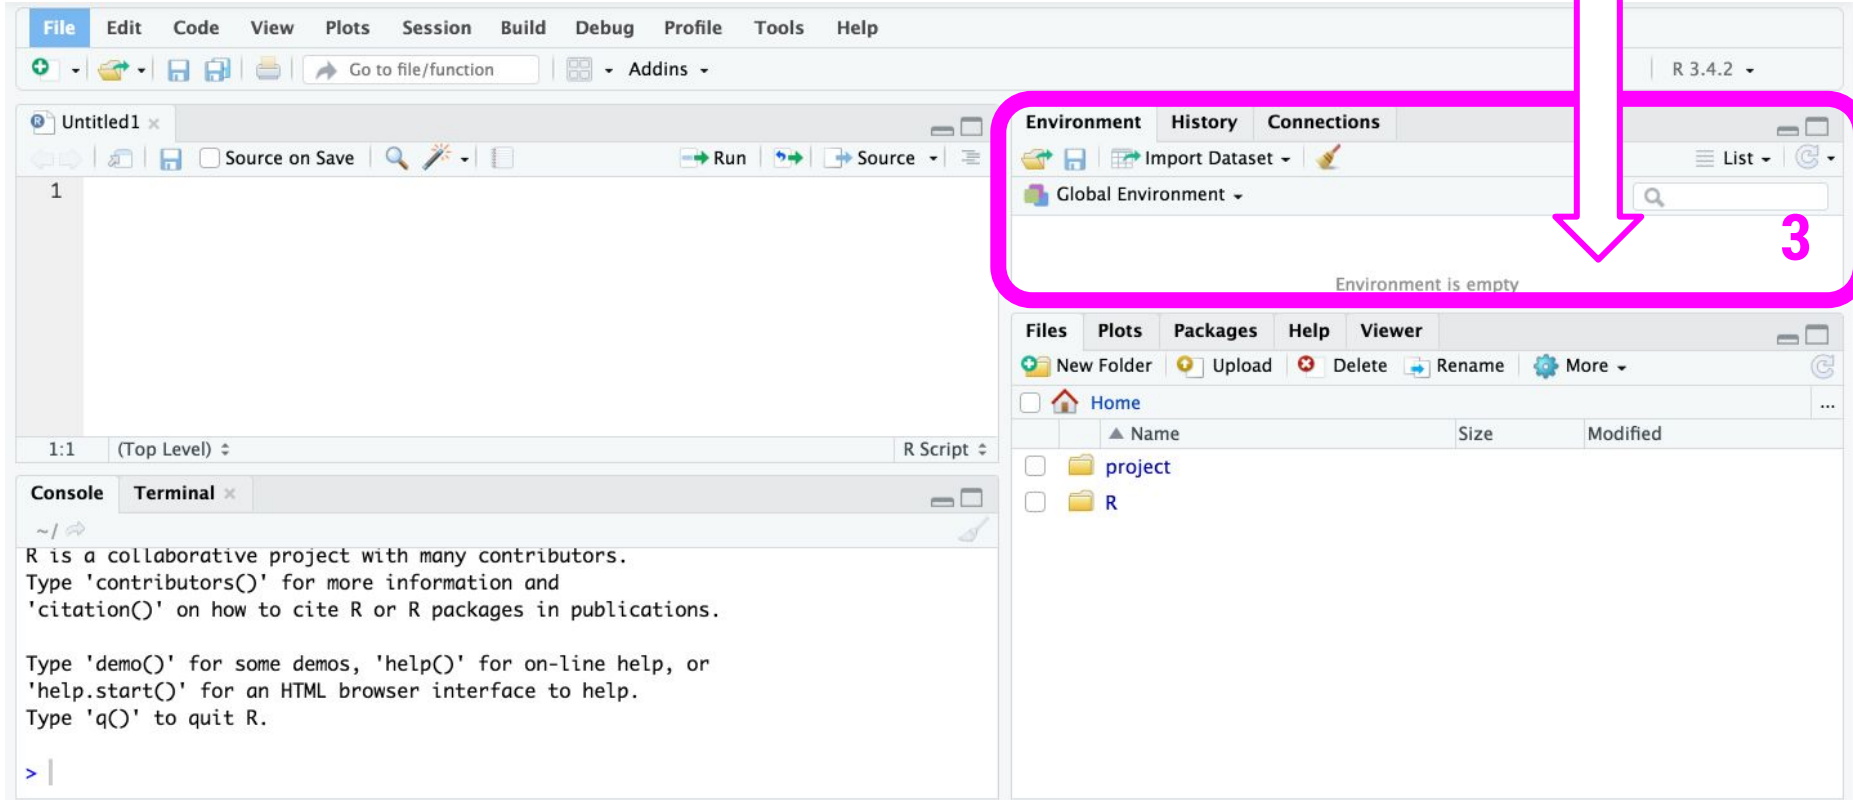

This opens up a new
place where your
code will be typed.

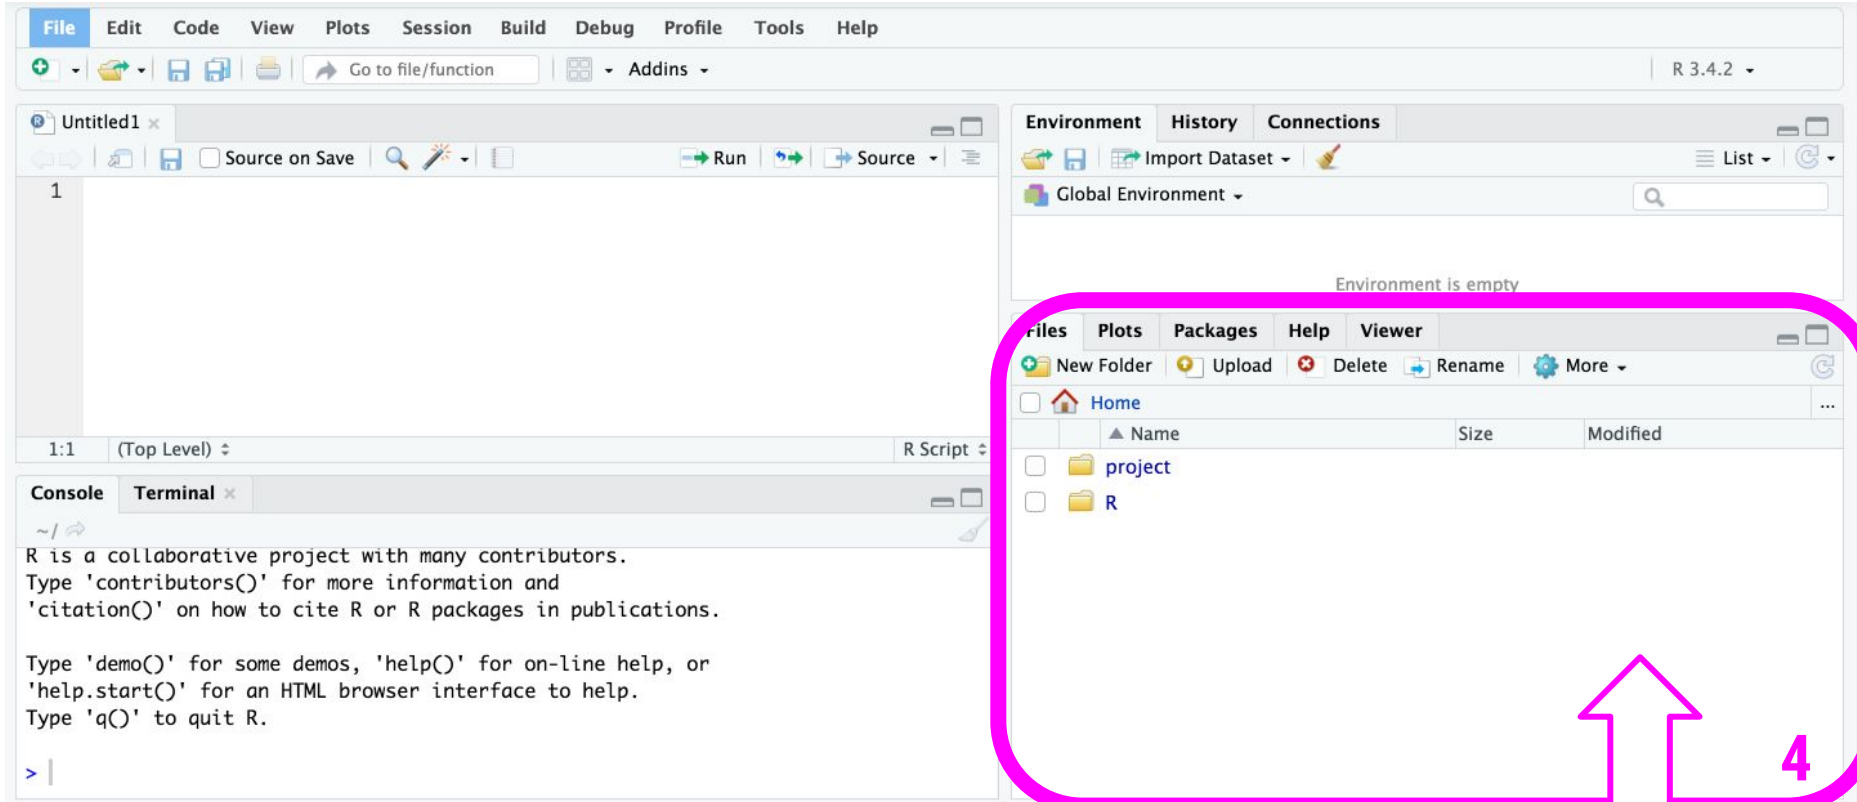

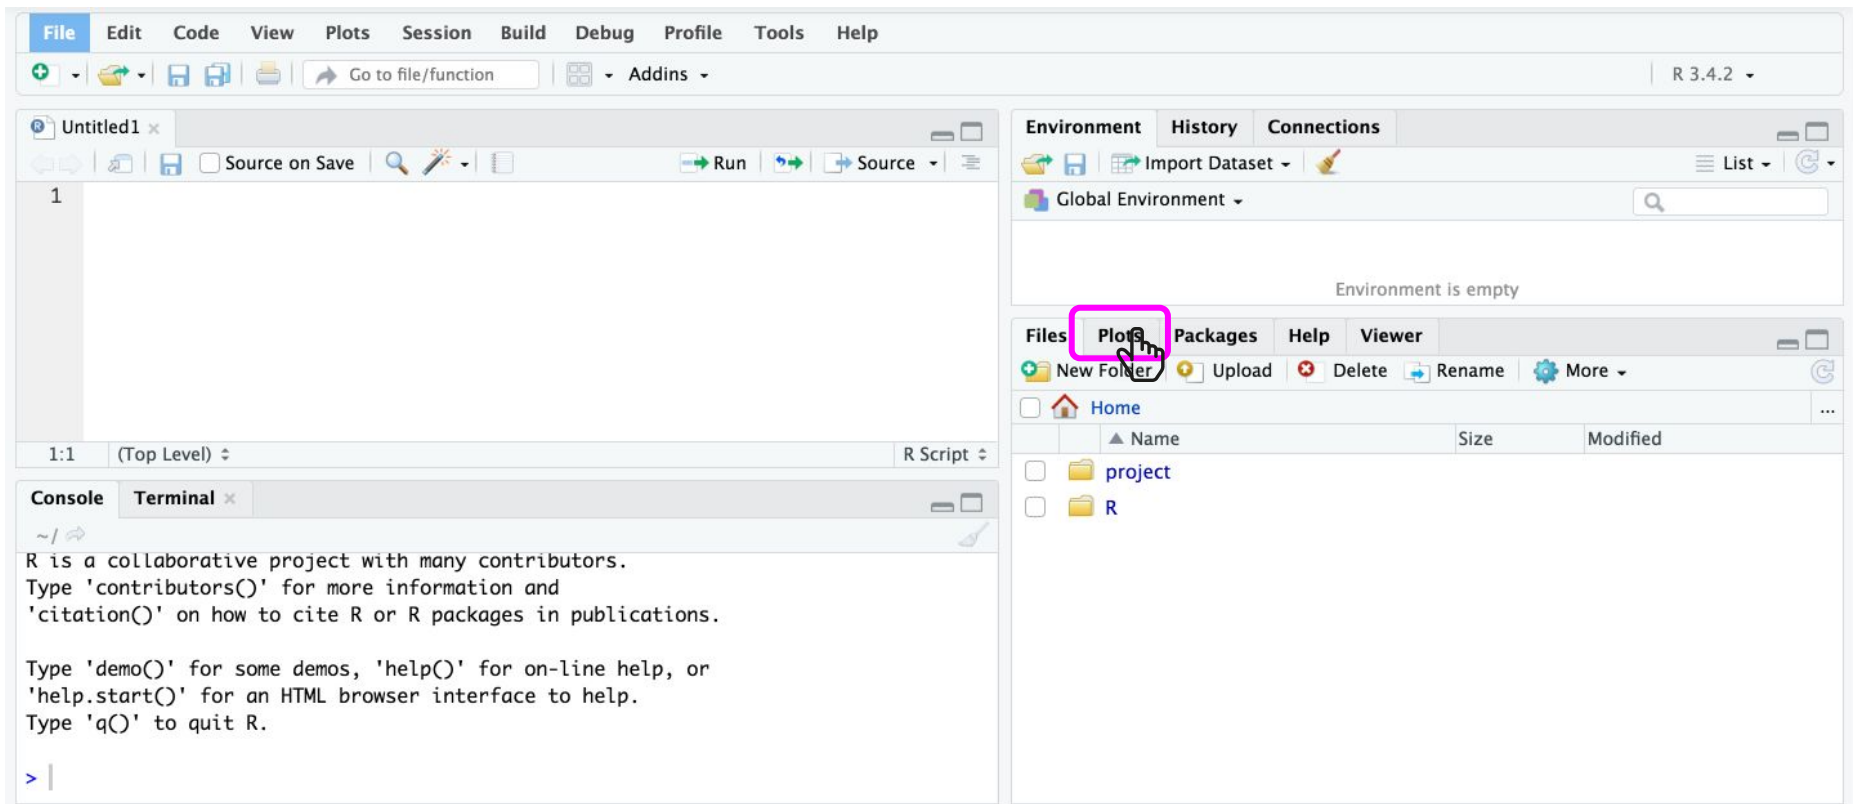

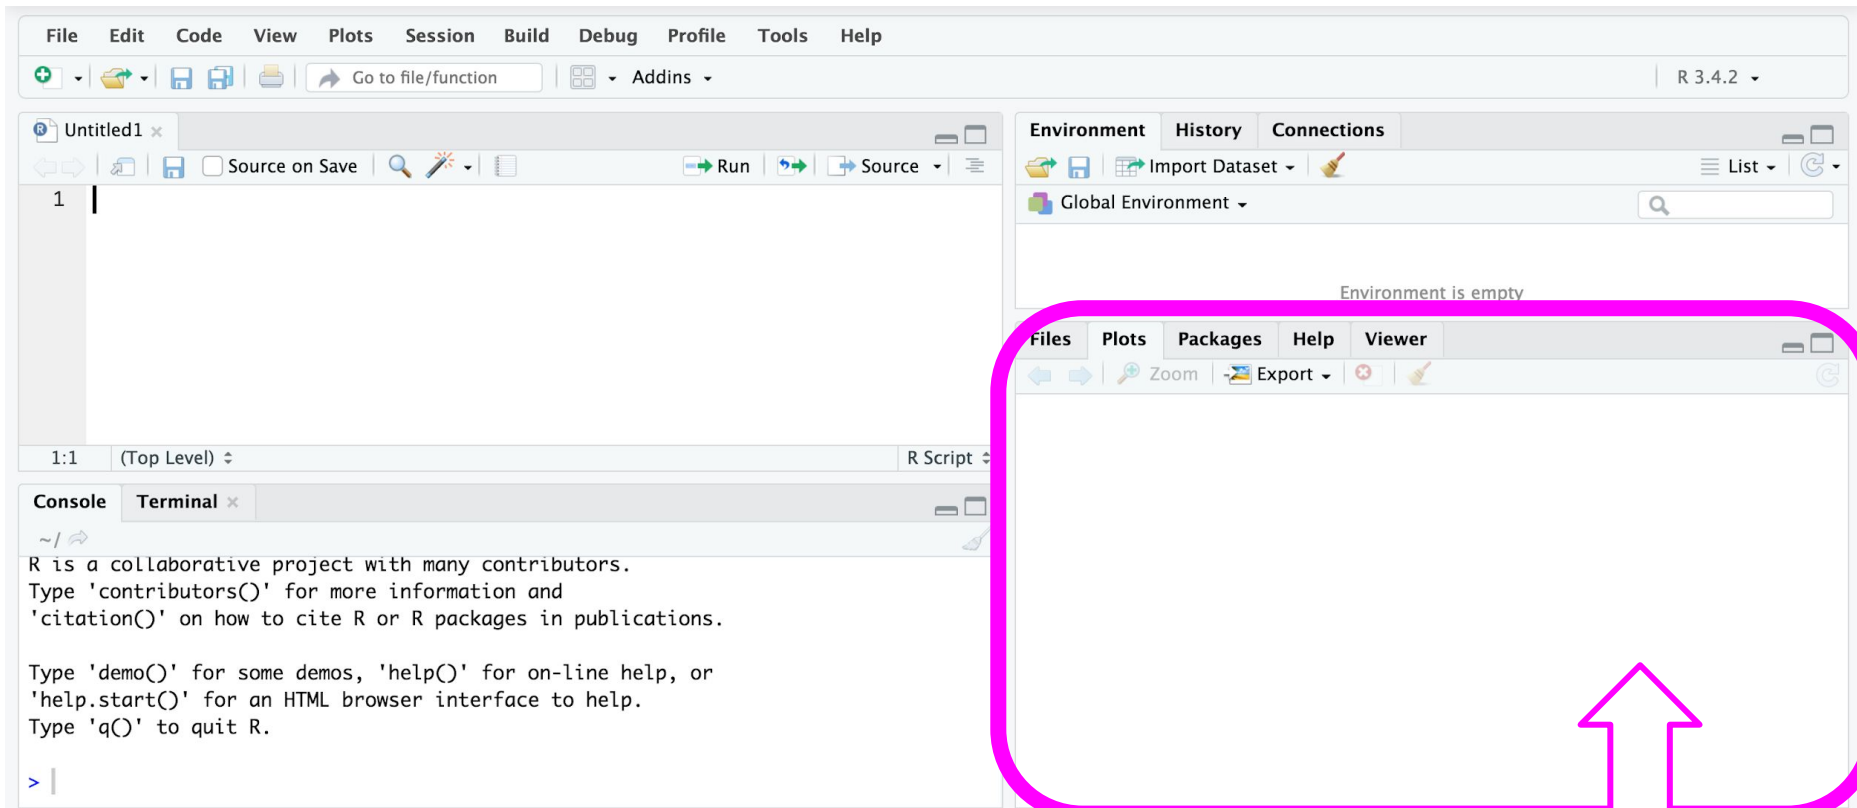

Down here is where your
code is sent to run

The objects created by your analysis will be here. We'll talk about what that means later

Plots you generate will
show up in here under the
'Plots' tab!

Project Question:

“How does the price of a bestselling book relate to how much the author is charging for that book?”

R version 3.4.2 (2017-09-28) -- "Short Summer"

Copyright (C) 2017 The R Foundation for Statistical Computing

Platform: x86_64-pc-linux-gnu (64-bit)

R is free software and comes with ABSOLUTELY NO WARRANTY.

You are welcome to redistribute it under certain conditions.

Type 'license()' or 'licence()' for distribution details.

R is a collaborative project with many contributors.

Type 'contributors()' for more information and

'citation()' on how to cite R or R packages in publications.

Type 'demo()' for some demos, 'help()' for on-line help, or

'help.start()' for an HTML browser interface to help.

Type 'q()' to quit R.
