

# Your first data science project

Introduction to Chromebook Data Science

“Data science is asking a question that can be answered with data, collecting and cleaning the data, studying the data, and sharing the answer to the question with other people.”

## Project Question:

“How does the price of a bestselling book relate to how much the author is charging for that book?”

# PowerShell 101

The No-Nonsense Beginner's Guide to PowerShell

Mike F Robbins

What does the flower on the cover of this book have to do with PowerShell? Flowers grow from the ground up. My goal with this book is to help you build your PowerShell skills from the ground up and be well on your way to writing PowerShell code that's as beautiful as the daylily on the cover of this book by the time you finish it.
